

January 23, 2006

To Whom It May Concern,

My name is Michael Kelley and I am the Assistant Principal at Profile School in Bethlehem, N.H. I am very pleased to be writing a letter of recommendation for the band Entrain and their educational component, "Edutrain". I had the pleasure of working with the band last spring. The band came up to the North Country to perform in our school and also for a fireman's fundraiser that evening. The school performance was absolutely phenomenal and many of our students continue to ask me when the band will be back to perform. Entrain's music speaks for itself but their educational component was top notch. They performed music from all over the world through an excellent presentation that combined instrumental demonstration and a description of the historical origins. Our students and staff were extremely impressed with the informational material as well as the wonderful music. I spoke with one of our proficient percussion students after the show and he told me that he had a whole new outlook on the way to approach playing drums.

I would not hesitate for a second in recommending Entrain for a school function. For a professional band, they were incredibly flexible with their own needs and put on a show that our students and staff still talk about. Please don't hesitate to call me if you have any further questions at school (603-823-7411) or at home (603-823-8009).

Sincerely,

Michael J. Kelley
Assistant Principal/Profile School
